September 2018 to April 2019

A Unique Educational Experience

Introduction

Dear prospective parent,

We encourage you to give your child the very best learning experience as they journey through their developmental cycle at **Julian Academy**.

Our Philosophy...

- Developing Great minds in the fear of God.
- We believe in every child's potential to grow in knowledge and in the fear of God. No matter the challenges they face they can make it!

They can achieve their purpose in life and find their place in society.

Our Mission...

- Our goal is to nurture our children in an enhancing atmosphere where spirituality, individuality and creativity are encouraged.
- To provide a happy, positive and Christ centred school experience for your child.
- Children will have the opportunity to explore, question, observe, try new experiences, and take risks. Through play activities and discussions the children learn to think independently, gain confidence, and develop friendships.
- We aim to lead your child to accept the way of life shown by Christ and assist them to:
 - ✓ Develop self-control,
 - ✓ Recognize acceptable behaviour,
 - ✓ Grow in respect for God, human authority, peers, one's self and the rest of God's creation.

Admission ...

- Our programs are open to children who are:
One (1) year and beyond.
